

Coding & Solution

Date	30/09/2026
Team ID	SWTID-2026-7510
Project Name	A CRM Application for The Chai Shop & Co
Maximum Marks	5 Marks

Coding & Solution

This section evaluates the quality and completeness of your implemented code and the overall solution. Your submission should demonstrate working functionality, clean code practices, and alignment with your defined requirements.

Instructions:

1. Ensure your code is well-structured, commented, and follows best practices for your chosen technology stack.
2. The solution should address the core problem statement and implement the key functional requirements.
3. Include all source files, configuration files, and setup instructions needed to run the application.
4. Attach or link to your code repository (e.g., GitHub) in the table below.

Solution Summary

Field	Details
Repository Link / URL	Not Provided in the Project Report
Programming Language(s)	Salesforce
Framework(s) Used	Salesforce Lightning Platform
Key Features Implemented	• Customer, Employer & Enterprise Account Management
Pending / Incomplete Features	• Order Processing, Automated Billing, Validation & Customer Email Notification
Setup / Run Instructions	No core incomplete features are specified. Future scope: Mobile CRM, AI sales prediction, alerts, inventory, and multi-branch support. Create the Salesforce environment, objects, fields, layouts, and validation rules. Configure flows, reports, dashboards, and complete testing.

Code Quality Checklist

S.No	Criteria	Status (Yes / No)
1	Code is modular and organized into functions / classes	NO
2	Meaningful variable and function names are used	NO
3	Code includes comments / documentation where necessary	NO
4	Error handling is implemented for critical operations	YES
5	The application runs without critical errors	YES
6	Code is committed to a version control repository	NO

Additional Notes / Comments:

The project was developed using Salesforce, with validation rules, automated flows, testing, reports, and dashboards. Testing was performed to identify and fix errors.
