

Communication

Date	29 September 2026
Team ID	SWTID-2026-7510
Project Name	A CRM APPLICATION FOR THE CHAI SHOP & CO
Maximum Marks	1 Mark

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	WhatsApp group / in-person at college	All 5 team members (Naziya, Team Lead)	Share work done, plan the day's tasks and raise any blockers.
2	Progress Update	Weekly	Google Meet / college lab	Team members and Guide	Report sprint progress and review completed milestones.
3	Issue / Bug Discussion	As Needed	WhatsApp group, screen sharing on Google Meet	Team members involved and Team Lead	Discuss and fix errors in formula fields, validation rules and flows.
4	Stakeholder Review	Bi-Weekly	In-person demo / Email	Team and Guide (Salesforce Administration)	Show the CRM app, collect feedback and suggestions.
5	Final Demo Rehearsal	Once	College lab (in-person)	Whole team and Guide	Practice the demo: login, orders, billing, birthday email, reports and dashboard.
6	Sprint Planning	Per Sprint	Google Meet	Whole team	Assign sprint tasks from the product backlog to each member.

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Team members worked on different parts (objects, fields, flows), so field names and settings did not always match.	Agreed on a common naming style (for example Products_Purchased__c) and the Team Lead reviewed changes in the shared Salesforce org.
2	Errors in formulas and validation rules were hard to explain in messages alone.	Used screenshots and screen sharing on Google Meet, fixed the issue and retested with dummy records.
3	It was difficult to find a common time because of college schedules.	Fixed a short daily standup time and used the WhatsApp group for quick updates between meetings.
